ROADWARS

Become a space highway star as you control your battlesphere on seemingly never-ending roadways circling the moons of Armageddon. Clear the roadways of all the obstacles that impede the traffic flow, whether they are killer sparks, spikes, barriers, vicious aliens or rogue space stations. Play head to head with your opponent, sometimes co-operating, always competing in a battle to become King of the Road. Addictive gameplay, stunning graphics, fierce competition and superb sound all combine to make this one of the most exciting games this century.
